Upholstery Care

Instructions for removable zippered cushion covers:

- Dry clean or hand wash only.
- Do not tumble dry. Air dry only.
- Treat the cushion covers with care. When taking the foam in and out of the covers avoid forcing it. Bend it into a U shape to reduce pressure on the zipper corners. Failure to do this and using excessive force could cause them to tear.
- Place a finger under the zipper when opening and closing the covers so that wadding is not caught by the zipper.
